When the COVID-19 pandemic precluded our traditional placement drive, we pivoted to technology to link our students with sought-after job opportunities. Through WhatsApp, we shared crucial details about job requirements and vacancy positions, keeping our students informed and competitive. Moreover, we counseled second-year students to augment their skillsets through advanced studies or strategic preparation for esteemed exams like TRB, TET, CTET, and SLET. By doing so, we equipped them to navigate the dynamic job market with poise and determination.
