4	Student's Career	Placement	01.02.2020	Campus Drive	Our campus was abuzz with activity on the day of the placement drive, as a record 75 schools participated in conducting interviews. We are delighted to report that an exceptional 82% of our students (102 out of 124) secured coveted placements. Furthermore, 53 students chose to further their academic pursuits through higher studies, while 20 students had alternative plans. This remarkable outcome underscores the excellence and potential of our students, filling us with immense pride and satisfaction.

5	Student Programme	Due to the ongoing COVID-19 pandemic and prioritizing the health and safety of all participants, the mock interview scheduled for [Date] has been cancelled.	Mock Interview	NIL
6	Students Orientation	Unfortunately, the Orientation Programme on Placement Drive has been cancelled as a precautionary measure in response to the COVID-19 pandemic. The health and safety of our community remain our paramount concern, and we cannot proceed with the event at this time. We are committed to finding innovative solutions to ensure our students receive the necessary support and resources for their placement success.	Orientation	When the COVID-19 pandemic precluded our traditional placement drive, we pivoted to technology to link our students with sought-after job opportunities. Through WhatsApp, we shared crucial details about job requirements and vacancy positions, keeping our students informed and competitive. Moreover, we counseled second-year students to augment their skillsets through advanced studies or strategic preparation for esteemed exams like TRB, TET, CTET, and SLET. By doing so, we equipped them to navigate the dynamic job market with poise and determination.
7	Student's Career	Regrettably, the Campus Drive has been cancelled due to the ongoing COVID-19 pandemic. The health and safety of our community, as well as that of our recruiting partners, is our top priority. We understand the importance of this event for our students' career prospects and are actively exploring alternative solutions to facilitate connections between our students and potential employers.
