The session was great on the whole. Initially we were very shy to interact with each other, this session helped us to mingle to a certain extent.
The group could have been made as the department.

It was good Very relevant as we begin our lives here.
Useful session
Being an outstation and Tamil not being my mother tongue/1st language, the majority of interactions and mode of instructions were given in Tamil, which made it difficult for me to understand. Just a kind suggestion, if important pointers are also communicated in English, it would be really helpful.
