The speaker highlighted how AI-driven tools enhance personalized learning, critical thinking, and collaborative engagement. Stressing the need for ethical use of technology, the address encouraged educators to adopt innovative Pedagogies that blend human values with digital advancement. The speaker further noted that teachers must act as facilitators and mentors guiding students to become responsible digital citizens. The session concluded with a call to embrace innovation courageously while preserving the core mission of holistic education.</p> <p align="center"><u>Plenary Session-1</u> <u>(Online)</u></p> <p>The resource person delivered an insightful presentation on “Human Creativity in the Age of AI: Opportunities and Tensions in Education.” The speaker highlighted that while Artificial Intelligence enhances efficiency, personalization and access to knowledge, it also raises concerns about originality, critical thinking and ethical use. Emphasizing that creativity remains a uniquely human strength, the resource person urged educators to design learning experiences that foster imagination, empathy and problem-solving skills. The session stressed the importance of balancing technological advancement with human values. The speaker concluded that AI should serve as a supportive tool not a replacement for human creativity in education.</p>

Plenary Session-2

Resource Person: Dr. Kavitha Dhanaraj

Clinical Psychologist / Assistant Professor and Head, Department of Psychology, JBAS College for Women, Chennai.

The resource person delivered an enlightening session on “**AI & Mental Health: Contemporary Challenges and Opportunities.**” The speaker explained how Artificial Intelligence is transforming mental health care through early detection tools, chat-based counseling support, predictive analytics and improved accessibility. At the same time, concerns such as data privacy, ethical boundaries, reduced human interaction and overdependence on technology were critically examined. Emphasizing a balanced approach, the resource person highlighted that AI should complement, not replace, human empathy and professional judgment. The session concluded with a call for responsible integration of AI to promote emotional well-being and inclusive mental health support systems.

Valedictory Ceremony

Chief Guest Address

Prof. Dr. Adam Paul. Patteti, Professor of Education, Maulana Azad National Urdu University (MANUU), Hyderabad, Telangana

The valedictory address on “**Education Through Innovation: Transforming Teaching-Learning in the Age of AI**” highlighted the transformative power of innovation in shaping the future of education. The speaker reflected on the key insights shared throughout the seminar, emphasizing the responsible integration of Artificial Intelligence to enhance teaching effectiveness and learner engagement. Stressing the importance of ethical values, creativity and human-centered pedagogy, the address encouraged educators to embrace change with wisdom and discernment. The speaker reaffirmed that while AI offers immense possibilities the teacher’s role as mentor and guide remains irreplaceable in nurturing holistic development and lifelong learning.

Education Through Innovation: Transforming Teaching-Learning in the Age of AI
Date:06.02.2026

About Loyola College of Education (LCE)
Loyola College of Education, a Jesuit Teacher Education Institution was established in June 2007. It is completely owned and administered by the Loyola College Society. It is located in the wide campus of Loyola College of Arts & Science. It is recognized by National Council for Teacher Education (NCTE) and affiliated to Tamil Nadu Teachers Education University (TNTEU). It is accredited at 'A' grade by NAAC (National Assessment and Accreditation Council).
LCE has been focusing on the formation of intellectual capacity, training of the will and formation of character of the student-teachers, thus ensuring the integral formation of the student-teachers.
LCE is committed to inculcating desirable social and human values and moral principles that would make the student-teachers self-disciplined, value-oriented and responsible teachers.
LCE provides a wide range of opportunities and experiences for student-teachers to discover their potentialities both physical and intellectual and cultivate their artistic and aesthetic sense through cultural extravaganza and nurture their social responsibility through rural / slum exposure camps.

"Act as if everything depended on you; trust as if everything depended on God."
-Saint Ignatius of Loyola

About the Seminar
The one-day international Seminar on "Education Through Innovation: Transforming Teaching-Learning in the Age of AI" aims to bring together educators, administrators, researchers and student-teachers to explore the transformative impact of Artificial Intelligence on education. Focuses on AI-powered personalized learning, adaptive instruction and the role of AI in promoting inclusive and multilingual classrooms. It highlights how teaching practices and educator roles are evolving in the AI era, emphasizing the importance of preparing student-teachers and strengthening professional development through AI platforms.
The seminar also examines innovative pedagogies, including blended, flipped and hybrid models along with AI-integrated curriculum design that nurtures 21st-century skills and future readiness. In addition, it addresses holistic student development through AI-supported social-emotional learning, digital well-being and career guidance.
Overall, the seminar provides a platform for sharing insights, best practices and emerging trends encouraging institutions to adopt ethical and meaningful AI-driven strategies for an enriched teaching-learning experience.
Mode of Participation
Participation in person is warmly welcomed and highly encouraged for this seminar. However, for those who are unable to attend on campus, an online meeting link will be provided to ensure your valuable presence.
