Participants were forced to navigate the complexities of high-stakes teamwork, learning to manage intense debates, reconcile differing creative visions, and resolve natural frictions that arise when striving for excellence. These experiences equipped students with permanent rewards in the form of patience and conflict resolution skills that extend far beyond the joy of winning a trophy. The event also highlighted the importance of resilience, exemplified by the Rockstar Royals' journey from the bottom of the scoreboard to ultimate victory through sheer determination. Ultimately, the festival fostered a deep sense of collective success and community, as students from all five teams moved past their differences to work late into the night, ensuring every individual's contribution, whether through performance or behind-the-scenes support was valued in making the event a grand success.</p>
<b>Any other remarks on the Programme:</b>	<ol style="list-style-type: none"> <li>1. Students felt that prizes for 3rd place winners should be given.</li> <li>2. More such competitions can be held.</li> <li>3. Ample time can be given for the students for practice for performance events.</li> </ol>
